PROGRAMME OBJECTIVE AND STRUCTURE

Structure

The evening class MBA in Customs Management is specifically designed for managers from public, private sectors, NGO's and civil society. Such executives will have full time job responsibilities and cannot afford to attend an advanced management education on full time basis. The programme is designed to progressively lead the students through a comprehensive course of study with specialization in customs management. This is achieved by way of a detailed analysis of the underlying principles and practices of customs management within the broader context of public sector management. The program is designed develop the knowledge of those undertaking the programme and to ensure that there is an appropriate level of skills transfer. ESAMI recognizes that without a critical mass of trained staff in customs management, Africa's customs performance will remain poor and vulnerable in spite of the comprehensive reform programs that have taken place.
